

Jim Morris' Presentation to TIA— Audience Reaction:

Awesome presentation.

The best keynote speaker I recall at the TIA conference...next time book him with a little more time to spend with attendees after the keynote address please.

Best Speaker you have had to date!

Was a great start to the day for me.

Great speaker—great message—thanks for having Mr. Morris!

Excellent Speaker!

Awesome!

AWSOME

Incredibly motivating, you are never too old to follow a dream!

The best speaker of all the TIA Conventions I have attended. Very emotional for me to listen to him.

Wow, simply awesome. Not a typical motivation speaker, real-world / real-guy success story and his story can be related to any business. perfect for person to talk to the small business owner.

Very entertaining and uplifting.

Enjoyed Jim' presentation very much.

Fantastic Speaker

One of the best keynote speakers I have seen—he held my interest and had an excellent message. Well done!

This is the type of keynote speaker we need!
Our members love real life, energetic, motivational speakers.

Great speaker!

Good keynote speaker to inspire us all to associate with “dream-makers”, not “dream-killers”...good down-to-earth presentation

This was a fantastic surprise to the day very enjoyable

Best speaker we have had—a Dreammaker ,uplifting and engaged.

BEST EVER!!!!

Jim Morris was the best speaker I can remember. I honestly thought it would be boring because I'm not a baseball fan. It was fabulous!!

I have been coming to these events since 2004 and by far Jim was the best motivational speaker the TIA ever had - although there were some good speakers in the past.

Really enjoyed his speech, glad to have attended this

Good humor but better message that he drove home very well.

What a great motivational speaker!

One of the best and sincere speakers I have heard

Not what I expected, but had a good message

Great inspirational speaker. Possibly the best I have heard at the conventions

Jim was very inspirational.

That was really good

Was fabulous. Extremely inspiring.
